**A Valuable Prescription.**  
Editor Morrison, of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 3025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and \$1.00. Get a Bottle at W. H. Styer's Drug Store.

**IN** a young girl's life there comes a time when the careless innocence of childhood changes to the modest, blushing maidenly self-consciousness of approaching maturity. The eye is brighter; the form is rounder; there is a touch of coquetry in the glance—the girl has become a woman. She has entered that critical period of all of happy possibilities, yet so hedged about with the physical sufferings and dangers peculiar to her sex.  
It has been said that to be a woman is to suffer. Too often this is true. A woman's whole nature is so bound up in the special functions of her organism that any disturbance of this sensitive organism throws the whole system out of harmony. "Female weakness" causes nine-tenths of all the wretchedness which women endure. It can never be permanently relieved by "local treatments." That is generally an expensive, embarrassing, useless, make-shift. What is needed is Dr. Pierce's Favorite Prescription to reach the innermost sources of the trouble and restore health and strength directly to the internal organs. This stops the weakening drains which sap life's foundation; heals all ulcerated conditions, gives the ligaments elastic power of themselves to correct misplacement of internal organs and imparts tone, vigor and vitality to the entire feminine organism. In a word the "Favorite Prescription" makes healthy, happy women.  
Dr. Pierce is the Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He has made a life-study of women's peculiar ailments. Over ninety pages of his great work, "The People's Common Sense Medical Adviser," are devoted to the consideration of diseases peculiar to women. Successful means of home-treatment are therein suggested, making it unnecessary to employ a physician, or to submit to his "examinations," and the stereotyped, but generally useless, "local treatment." Twenty-one (21) one-cent stamps, to cover cost of mailing only, will bring a copy of this useful book. Address: World's Dispensary Medical Association, Buffalo, N. Y.

**She Disliked Steamboats.**  
The wife of a physician who lives in Washington tells a story of a distant kinswoman who was her guest during the Christian Endeavor convention. The kinswoman lives in an inland New England town, and when she came to Washington she spent one night of the journey on board a steamboat. It was the first time she had ever traveled by water. She reached Washington extremely fatigued. The doctor's wife remarked it. "Yes, I'm tired to death," said the kinswoman. "I don't know as I care to travel by water again. I read the card in my state room about how to put the life preserver on and I thought I understood it, but I guess I didn't, though. Some way, I couldn't seem to go to sleep with the thing on."
